point out that he was watching the championship race he entered for playing on two par-3s in 1957 and 1958. "I'm cleaning up this thing," he said, then added with a shrug, "and I expect to put an other one on the other hand."

HITS ON HOT STREAK

The big left fielder enjoyed his best stretch this season at the plate during the recent game home stand, leading the club with a .414 average. "I'm not ready to take any bow," he said. "That was just the average has climbed only slightly. I had 100 hits in 200, highest of the season."

CLUB SETTLED UNIT

"Look, what I like to do is come through in a spot. If you can hit with two out and run on second and third, then this does something for your club. Not just in that game but the players on the team, too."

"The thinking on this club has changed in the last few weeks or so. They're a more settled unit now. There's a feeling that's hard to describe. The players know about it even before the manager does."

"We had that feeling on the Braves, too. That's what we have here."

Quiet confidence might describe it. The Phillies hope to return home from New York Sunday night with a little more of it than they had when they left.

Ray Olsky, Chris Short and Jim Manning are slated to pitch against the Cubs' Dick Ellsworth, Larry Jackson and Brian Brogliu the next three days. Then, it will be the Mets again in Shea Stadium.
